The warranties and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breech, warranty or guarantee therein provided, and all other obligations or liabilities.

1. Every ram and ewe sold will be guaranteed as a breeder if properly handled. It shall be the responsibility of the buyer to return the non-breeder to the seller in acceptable breeding condition. The seller, after a fair trial, and the animal is found to be a non-breeder, shall have the privilege of replacing the ram or ewe with one of equal value to the satisfaction of the seller, or refunding the purchase price. This guarantee shall not apply the first year to any sheep that are shown subsequent to the date of the sale. All ewe lambs are exempt from the breeding guarantee the first year.

# Oxford National Show & Sale

---

An open and sincere invitation to attend the 58th National Oxford Show and Sale. We believe you'll be in for a treat, as the Nation's top Oxford breeders offer you the opportunity to obtain some of the best Oxford sheep in the nation. The judge for our show will be Steve Reid, a fellow premier Oxford breeder, from Missouri.

Following the National Show on Friday (June 17), the Annual Meeting of the American Oxford Sheep Association (AOSA) will be held at approximately 6:30 PM at the Knights of Columbus Hall in Springfield, IL. The Annual Meeting will include a catered meal, the business meeting of the Association, and an auction of donated items that will benefit the Association's contribution to the All-American Junior Show. Donations for this auction are gladly being accepted now and will continue to be accepted up until the benefit auction begins. Reservations for the Annual Meeting and dinner can be made by contacting David Trotter, Secretary (812-256-3478 / 812-987-5139 / [secretary@americanoxfords.org](mailto:secretary@americanoxfords.org)).

In the National Oxford Sale on Saturday (June 18), ewe lambs (fall and spring born) that are marked with an "F" above their lot number will indicate that they have been nominated by their breeder for the Association's Futurity program. This is a good indication that these breeders think that these ewe lambs are the "cream of their crop" and should perform well in the show ring and make excellent additions to anyone's flock, especially those of our junior members.

If you are unable to attend the National Oxford Sale in person, we do offer a mail-bid service. Please contact one of the following to make your bidding intentions known: Duane Grimme (937-336-0503), Larry Derricks (217-494-3138), Auctioneer Bob Johnson (608-868-2199), or David Trotter, Secretary and Sale Manager.

We look forward to seeing you at the 58th National Oxford Show and Sale and the AOSA Annual Meeting. See you in Springfield for Good Times, Good Friends, and Good Sheep.

## **Oxford Sheep – Truly the World's Best!**

Sincerely,

Laura Meyer, AOSA President

David Trotter, AOSA Secretary

Sire: Perzee 13-116 RRNN 298426  
Dam: Misty Meadows 0706 RRNN 298106  
This ewe lamb has been a favorite since she was born. She is super pretty and fancy. Perzee 13-116 produces correct, long bodied, clean fronted and solid females. If you liked the eye appeal of our National Champion ewe, "Lucy Goosey", at the junior NAILE show, you will love this ewe. She will be Futurity nominated.

If length of body and squareness of hip matter in your flock, look here. Here is a ram lamb out of a ‘14 Louisville class winner that has the pieces, matched with a sleek shoulder and center body to spare. He’s our mix of power and performance to fit a variety of females.

Cassie is still scratching her head as to why we are selling this ewe lamb but, the barn is full, so use it to your advantage. With her muscle expression and elegant shoulder & style, this one has been a competitive lady since she hit the ground. Fuzzy from nose to toes and her robust rib will make her stellar in the ring and as a brood ewe prospect.

I've saved the best for last. 0031 is one of our later ewes born but man is she the ewe that stands out. Big bodied, massive rack, thick twist all tucked into a neatly assembled shoulder & hip. No doubt you need to show this one as a slick and let her muscle do the talking. Watch her walk away, her skeleton is right, all landing on that sasquatch bone.

This ram was 1st place January ram lamb at Wisconsin and Iowa and was Res. Grand Champion at Iowa and a member of the first pair of ram lambs. He stood 3rd at Louisville. He was our second best buck lamb last spring. We have some very nice lambs on the ground out of him. His momma never misses having our best fall ewe lamb out of "Big Deal". We bred her back after Louisville to "Sure Deal" our 2015 National Champion Ram and Supreme Champion Ram at Louisville and got a home run! This big straight ram has all the pieces and genetics to be a breeding dynamo.

If you are looking for a big ewe

with tremendous top and thickness throughout, then give this girl a look. She not only looks great, but is bred to be good, being sired by "What A Deal", the 2015 National Sr. Champion and Res. Grand Champion Ram at Louisville that we own ½ interest in with Ryan Grimme. Ryan says the buck gave them their best lamb crop ever and that he hit on all their ewe lines.

This flashy yearling ewe is out of "KeeperRR" daughter who is one of the biggest ewes in our flock. Her daddy was a very woolly headed and woolly eared son of "The RReal Deal". He possessed massive bone, size, and excelled in breed character.

**Lot 286 – Senior Ram Lamb

Sire: Double "O" Acres 14-033 NNP-RR

"Big Deal" 299109

Dam: BM (Barret Marshall) 346 297846

This package will not only be a great show buck, but more importantly a STUD RAM. "Big Deal" was Champion at Iowa and won his class at Louisville and was the twin to our popular 2014 Res. National Grand Champion Ewe as a lamb and was undefeated yearling ewe at all shows last year. "Big Deal" sired "Sure Deal" the 2015 National Grand Champion Ram and Supreme Champion Ram at the NAILE. His dam was the top selling ewe lamb at the National Sale 3 years ago. This light colored Marshall ewe never misses. This buck lamb has length, height, bone, extension, a flat hip and high dock, and walks out proudly carrying his beautiful head high.

# National Polypay Sale

The American Polypay Sheep Association welcomes you to the National Polypay Sale. We hope you will find breeding sheep that will meet your needs. Please visit with our member breeders to learn more about the sheep being offered at this sale. We have solicited consignments from all members and feel that we have assembled a nice offering for your evaluation. Unlike most breeds, our sale order is not determined by the opinion of one judge, but rather by a vote of all members present. Many of our members rely upon both visual evaluation and breeding values established through the National Sheep Improvement Program (NSIP). Today, about 70% of all Polypays being registered come from flocks using NSIP evaluation tools.

If you are unable to attend the sale in person, Telephone bids may be made by calling either Jeff Ebert at 785 458 9174 or Glen Jones at 574 204 3442.

For those who may not be familiar with Polypay sheep, they are America's premier maternal breed, capable of producing a 200% lamb crop with excellent mothering ability and a quality fleece. The breed was created at the United States Sheep Experiment Station by crossing Dorset, Rambouillet, Targhee, and Finn sheep. The resulting cross proved to be an improvement over the breeds existing at the time for the production of more pounds of lamb per ewe per year. Subsequent years have seen the breed make substantial, measurable, improvements as documented through NSIP data. The chart below shows the progress made by the breed in their Maternal Index that is based upon economically important traits.

What are all those numbers about?

For those not familiar with the NSIP EBV's (estimated breeding values) using an index may be a shortcut that will help you sort through more detailed data. The Maternal Index and Maternal \$ figures are used by many progressive breeders to evaluate their breeding stock. The Maternal Index evaluates the animal's ability to pass on traits to its offspring that will result in more pounds of lamb being weaned. This calculation uses EBV's for weaning weight, maternal & milk, and number of lambs weaned. This index is useful in selecting the maternal line to be bred to a terminal sire. The Maternal \$ is similar to Maternal Index but places more emphasis on growth rate. This index may be more useful to those who will breed their ewes back to a Polypay ram. A ram with a Maternal \$ index of 110 is expected to produce progeny that will yield \$10.00 more worth of lamb per year than one with a Maternal \$ index of 100. If that ram sires 200 offspring in his lifetime, his offspring would produce an additional income of \$2000. These indices combine a variety of traits that lead to more profit for the commercial sheepman who is looking to improve the productivity of his sheep enterprise. For more detailed information about using EBV's talk to any of our NSIP consignors.

62056**

Born: 5-4-15 TW  
Sire: Sammons "10" R21311  
Dam: Sammons 816S E86719  
Our May lambs are from ewe lambs or fall lambing ewes rebred for spring. Look at this pedigree, Crago "Maverick" on bottom and our "10" ram on top. "10" is the most powerful ram in our 20 years in Polypays. Better yet is dam is an elite ewe. By sale time 62056 will have been exposed to two ewe groups. If you can't make the event, this young yearling will be worth the call.

**Lot 541- Fall Ram Lamb  
62060**

Born: 9-5-15 TW  
Sire: U of WI 09-425 R19951  
Dam: Sammons 7075 E85649  
U of WI 09-425 sired the 2014 National Champion ewe and the 2014 Reserve Champion ram triplet siblings. NSIP data on U of WI 09-425. 62060 is a long ram that will catch your ewe. 62060 is the top 09-425 ram to sell from our genetics. U of WI 09-425 is 86 months old and still commands respect in any pen that he is in. We will expose him to a group of "10" daughters to fall lamb.

**Lot 542- Late Fall Ram Lamb  
62058**

Born: 12-21-15  
Sire: Sammons "10" R21311  
Dam: Sammons 8145 E86141  
A December born ram. We wanted to bring a young ram out of Sammons "10". The "10" rams are very growthy with good structure integrity. Similar breeding as our young yearling ram in our consignment. Took some December ram lambs out of "10" to market on 3-30-16 and averaged 127#. We have a few more ram lambs out of "10" at home for inspection.

**Lot 543- Winter Ram Lamb  
62061**

Born: 1-6-16 TW  
Sire: Sammons 9-99  
Dam: Sammons 116 E93550  
A double bred Sammons 666. Triple 6 has certainly gone by as one of the top ewes in our time with the breed. 62061 is a long ram that is bred tight to enhance his dams predictability. These are old genetics that we are offering, take a look.

# Illinois Natural Colored and Columbia Sale

Illinois would like to welcome all Natural Colored and Columbia sheep enthusiasts both current and future, to this new adventure in our state! With this being the first time such an event is planned, we have big expectations! The quality of sheep consigned to this sale look extraordinary, and appear to be competitive at any level, or any sale; and would be exciting additions to any breeding program or show flock! A show to determine sale order will be held, and the judge for both Natural Coloreds and Columbias is Todd Taylor of Wisconsin.

For those online Facebook folks- a new page titled "The New Illinois Natural Colored and Columbia Sheep Sale" has been created, and pictures of the sale consignments will be available prior to the sale for your viewing pleasure! If you are unable to attend the show/ sale, but yet find interest in the consignments, please contact the consignors for information about the sheep, and the sale manager for mail bidding options. Transportation to nearly every part of the country, the Midwest Stud Ram Sale included- can easily be obtained!

We have geared this new sale specifically towards the merchandising of ewe lambs to junior aged exhibitors since we are planning a yearling ewe comeback show for all ewe lambs purchased in 2016 to return and compete in 2017 for cash awards and other prizes. We would like to send a special thanks to Leaf Livestock with their donation of a ewe lamb (read about her below) with all proceeds being used to help fund this junior show in 2017! In addition to help support that junior show, a fund raising auction is being planned, and donations are gladly being accepted from now, up until the day of the sale. If you would like to assist, please contact us!

We are in the process of planning a socialization event geared for families and their children on Friday afternoon after the completion of our show. All who have an interest in comrade are invited to attend! Watch for more information at the sale!

Thank you for taking the time to read through the consignments, and we look forward to seeing you at the sale!

Dam: Wolf 13-25 "Cabela" A01984

Sale Attraction! Not often will you find the opportunity to purchase a practically guaranteed stud ram from two National Champions THAT IS ALSO RR! No doubt his dam is one of the most talked about females of this breed, both before and after being a record high seller! Speaking of record high sellers- this guy is double bred to "Gunsmoke"- the all-time highest! The '00' number is set aside for the lead stud ram candidate every year at our place! Only because the 12 of our 18 brood ewes are from this direct ewe line, can I offer him for sale. Honestly, I can't use this colorful dude hard enough to justify keeping him around, otherwise he would stay!

### Lot 602- Natural Colored Brood Ewe

#### McDaniel 2-29 054727 QR

Born: 9-16-11 TW

Sire: Homestead 10-880 X51162

Dam: McDaniel 823 0101143

Another Sale Attraction! This is a previous Record Selling ewe of the

breed, with a production record to brag about. Her first lamb was Reserve Champion of the MWSRS, and her two offspring to sell are just a few bids shy of a 4 figure average. Our desire to make this sale a success is the only reason we are parting with her. She sells exposed to Gehring 1151 "Gunsmoke" for a fall lamb.

### Lot 603- Natural Colored Brood Ewe

#### KF-Acres 1408F A02991 QR

Born: 10-20-13 TW

Sire: Lightning Ridge Corriedale

Dam: Craig "Stella" Corriedale

Our lead fall ewe lamb in 2013, and stood 4th at Louisville in a tough class. She's the wild colored ewe on the front cover of the Registry's newsletter for 2015. Her dam was Supreme Overall Breeds- 2012 KY State Fair. Been a tremendous generator of dollars from her fleece! She sells exposed to Gehring 1151 "Gunsmoke" for a fall lamb.

### Lot 604- Natural Colored Fall Ewe Lamb

#### KF-Acres 1606F QR

Born: 9-3-15 TW

Sire: Wolf 13-28 "Beer Money" A-1987

Dam: Spice Daughter

Lot of times you hear people talking about pulling one from the keeper pen to sell; BUT that doesn't make much sense to me. In this case, I'm just not sure yet that we want to part with this one, as she is our lead fall ewe lamb-no doubt! We're quitting fall lambing, so here's your chance. Been a farm favorite to all visitors, and not just because of her fancy reverse badger color pattern!

### Lot 605- Natural Colored March Ewe Lamb

#### KF-Acres 1637 QR

Born: 3-2-16 TW

Sire: Wolf 13-28 "Beer Money" A01987

I like the chances of selling a young ewe lamb with a world of growth

ahead of her, with having a come-back show here next year for the juniors. Get her home, let her grow, and bring her back in a year to have some success. She'll be young, fresh, and ready to compete. Likely a bargain purchase, with a huge potential for return!

This March ram will give us plenty of age come show day. This ram always sifts his way to the top of the group. His length and levelness of top defines him. The best part is the accommodations that his dame makes for him maternally. Out of BJB and should come with a nice fleece.

#### **Lot 613- Natural Colored Yearling Ewe**
